

### ***Economical Waterproof Sterilizable Keyboard Covers***

For a single wipe clean that fits any budget, Cool Drape is the ultimate value solution. These strong, good-to-the-touch, silicone sheets turn any keyboard into a spillproof, disinfectable surface. Not only do they wipe clean in an instant, they can be sterilized (in an autoclave) for the ultimate clean. Designed to protect you from germs while protecting your machine from spills, the reusable Cool Drape can be cut to fit any keyboard or laptop. You can even use them as a sterile worksurface for your tools and equipment. With 5 or 10 to a pack, you're in cost-effective hygiene heaven.
