

Economical Waterproof Sterilizable Keyboard Covers

The stylish compact Its Cool and Its Cool Wireless keyboards feature a modern design, look, and feel with a flat key design making them easy to wash and wipe clean. These washable keyboards may be dipped, rinsed, sprayed and wiped with EPA-registered wipes and disinfectants. Pair with the Its Cool Fitted Drape for additional germ protection and a one-wipe cleaning solution perfect for your infection control protocols. The replaceable Fitted Drape can be cleaned, disinfected, and sterilized using EPA-registered cleaners or an Autoclave.

Eliminate waste from using other kinds of barriers. Pair the washable Its Cool/Its Cool Wireless Keyboard and Fitted Drape for the ultimate solution that is **Green. Clean. Less Waste.**
